### Center of Excellence (COE) Services

Individuals seeking assistance at one of the Pyramid Healthcare Centers of Excellence are paired with care management staff in their area who provide advocacy and support to help them successfully stay in treatment.

Our experienced Care Management Team of Recovery Support Specialists provide expert advocacy and support designed to help individuals who are experiencing issues related to an opioid use disorder achieve their treatment and non-treatment goals.

Call (844) 444-0023 or visit [bit.ly/PHCCOE](https://bit.ly/PHCCOE) to refer or learn more about our Centers of Excellence.

### Certified Recovery Specialist (CRS) Services

Individuals in early recovery can now begin their journey with a Certified Recovery Specialist (CRS) who:

- » draws upon their own experience and knowledge to provide compassionate, empathetic, & accountable support
- » removes barriers to recovery that can often result in relapse
- » fulfills many roles including recovery coach, resource broker, confidant, advocate, & role model
- » helps individuals develop a sense of independence while achieving recovery
