LEADERSHIP IN CLIENT-FOCUSED CARE

ABOUT US

Founded in 1999, Pyramid Healthcare, Inc. is an integrated system of behavioral healthcare providers across Connecticut, Georgia, Maryland, New Jersey, North Carolina, Pennsylvania, Virginia and West Virginia. We provide a full continuum of care for adults and teens in all stages of recovery from mental health and substance use disorders.

With integrity, dedication, collaboration and passion, our expert teams work tirelessly to break down barriers to behavioral healthcare and improve the lives of those we serve every day.

UNPARALLELED ACCESS TO QUALITY

Substance use is a critical public health threat in West Virginia. Leading the nation in opioid overdose deaths, West Virginia is among the top U.S. states for drug use and trafficking overall. This crisis is compounded by barriers to care for West Virginia residents, such as living in rural/remote areas and provider shortages.

At Pyramid Healthcare, our mission is to bring high-quality substance use disorder treatment services to the individuals, families and communities who need them most. We're dedicated to increasing access to care and fulfilling unmet needs in West Virginia by offering transportation to and from treatment, operating our admissions department 24/7/365 and removing funding barriers.

From connecting those in crisis with detoxification/withdrawal management services to helping individuals rebuild their lives in residential care and hone coping skills in outpatient groups, Pyramid Healthcare in West Virginia offers personalized, effective treatment programs for a variety of levels within the care continuum.

MOUNTAINEER TREATMENT CENTER

DETOX & RESIDENTIAL TREATMENT

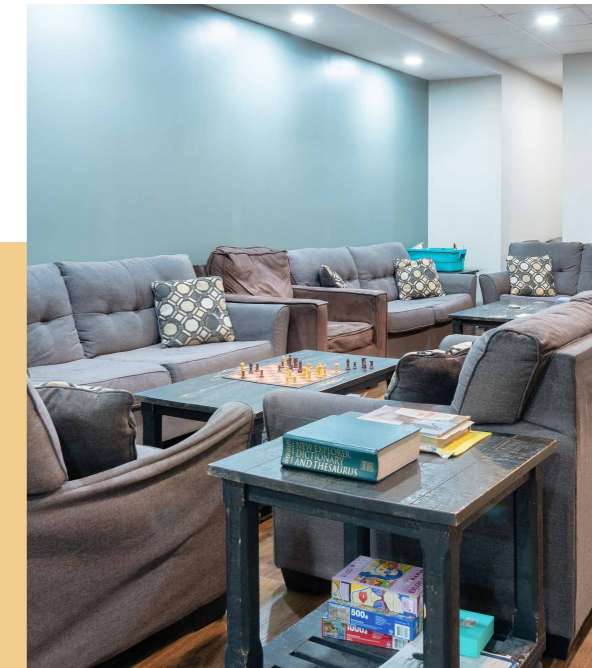

Conveniently located in the heart of Kearneysville, Pyramid Healthcare's Mountaineer Detox & Residential Treatment Center serves adults struggling with substance use and co-occurring mental health disorders.

Our Mountaineer location offers a full continuum of care, allowing individuals to take the first courageous step toward recovery with detoxification/withdrawal management and continue their treatment journey through residential care and beyond, building a strong foundation for sustainable, lasting sobriety.

Through proven evidence-based therapies such as cognitive behavioral therapy (CBT) and dialectical behavior therapy (DBT), our expert staff help clients develop the skills they need to get and stay well.

Services Offered:

- Detoxification/withdrawal management (ASAM level 3.7)
- Residential treatment (ASAM levels 3.5 and 3.1)
- Substance use assessments
- Medication-assisted treatment (MAT)
- Individual, group & family therapy
- Recreational outings
- Connection with community 12-step groups
- Life skills training
- Nurturing Parenting with The Martinsburg Initiative
- Families Strong WV support groups

MOUNTAINEER TREATMENT CENTER

OUTPATIENT TREATMENT

Adults in need of substance use and co-occurring mental health disorder treatment services in the Berkeley and Jefferson County areas can find healing and hope at our Mountaineer Outpatient Treatment Center in Kearneysville.

Our outpatient services are ideal for individuals who would benefit from proven, effective therapies but who have a strong support system at home and require flexibility to attend to responsibilities outside of treatment.

At Pyramid Healthcare's Mountaineer location, those who have completed our detox and/or residential treatment programs can seamlessly transition to outpatient care to sustain their recovery long-term.

We are proud to be in-network with Highmark Blue Cross/Blue Shield of WV and accept a variety of additional insurances. We also accept PEIA and WV Medicaid.

Services Offered:

- Outpatient treatment
- Individual, group and family therapy
- Substance use assessments
- Medication-assisted treatment (MAT)
- Medication management
- Life skills training
- Peer support services

MARTINSBURG TREATMENT CENTER

RESIDENTIAL TREATMENT

Nestled in the woods of the Eastern Panhandle, Pyramid Healthcare's Martinsburg Residential Treatment Center provides a peaceful, healing environment for adults seeking recovery from substance use and co-occurring disorders.

On our serene 168-acre campus in Hedgesville, we offer residential care in a safe, supportive environment. Our programming combines proven therapies with holistic and experiential approaches aimed at helping individuals achieve sustainable, lasting recovery.

Our experienced staff utilize evidence-based treatment modalities, including cognitive behavioral therapy (CBT), dialectical behavior therapy (DBT), 12-step philosophy and the expansive campus for outdoor experiential therapy to help clients build the skills necessary to maintain sobriety and thrive after treatment.

Services Offered:

- Residential substance use treatment (ASAM level 3.5)
- Low-intensity residential treatment (ASAM level 3.1)
- Co-occurring disorder treatment
- Individual & group therapy
- Medication-assisted treatment (MAT)
- Music therapy
- Peer recovery services
- Life skills training
- Transportation to and from treatment, work, court and other appointments
- Non-denominational religious services
- Connection with nature

Pyramid Healthcare's Martinsburg Residential Treatment Center is in-network with Highmark Blue Cross/Blue Shield of WV and accept a variety of additional insurances. We also accept PEIA and WV Medicaid.
