Enhanced Outpatient Program at York

The Enhanced Outpatient Program at York provides adult clients with additional substance use support and treatment in both individual and group settings. Group therapy is available once per week for 1.5 hours and covers a variety of topics including:

- » Identifying & Preventing Relapse
- » Understanding Family Dynamics
- » Managing Finances in Recovery
- » Emotions & Decision Making
- » Understanding & Managing Cravings
- » Coping with Change
- » Relationships in Recovery
- » Obstacles to Recovery

Individual therapy sessions are scheduled as clinically indicated.
